ALL HTP WATER HEATERS

10% OFF MENARDS® Everyday Low Prices

HTP Made In America

Highly Efficient
316L Stainless Steel Tank
with Attractive Outer Finish

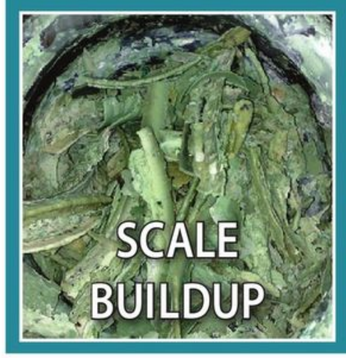
The Advantages

Stainless Steel VS Glass-Lined

HTP's
Stainless Steel Tank
Lightweight

Top Competitor's
Glass-Lined Tank
Very Heavy

Minimizes Scale Buildup
Prolongs Tank Life
No Need for Anode Rods



NO ANODE RODS NEEDED!

All glass-lined tanks require anodes to delay the inevitable corrosion and tank failure. HTP Stainless Steel tanks are much more durable and will outlast any coated steel tank in the market! HTP Stainless Steel tanks resist scale buildup and do not need anode rods.

Phoenix Gas
97% Efficiency
1st Hour Delivers Up to 154 Gallons

SAVE MONEY:
The smart design enhancement that increases the efficiency of gas condensing water heaters can reduce your natural gas bills by more than $100 each year. Larger families that typically use more hot water, will save even more. You can cut your water heating energy use by 30% with a new ENERGY STAR qualified HTP gas condensing model.

ENJOY A CONSTANT SUPPLY OF HOT WATER:
Because gas condensing water heaters are so efficient at heating water, the tank heats up almost as quickly as it's filled. Those days of running out of hot water during the morning shower will be a distant memory.

Everlast Electric
Lifetime Residential Warranty
(with online registration)

THERMOSTAT AND HIGH LIMIT CONTROLS:
Adjustable temperature range up to 160°F

HOT WATER CONNECTION:
Outlet connection on the top of the tank (with built in heat traps)

STAINLESS STEEL TANK:
- Laser welded through a concentrated heat source producing high quality, long lasting, 316L stainless steel tank construction
- Lightweight
- Superior corrosion resistance
- Eliminates the need for anode rods
- Protects against harsh water conditions for a lifetime of durability against leaks
- Limited Lifetime Warranty (with online registration)

MINIMAL HEAT LOSS:
Heavy-duty insulation

STAINLESS STEEL INCOLOY ELEMENTS:
Stainless steel screw plug increases corrosion resistance for longer element life versus conventional elements

Fresher Is Better.
Smart Cooling technology maintains consistent temperature levels, keeping food fresher, longer. The Multi-Air Flow design within vents every section, surrounding food with cool air no matter where you put it.

More Organization. Easier Access.
With 2 crisper drawers and a full-width Glide-N-Serve™ pantry drawer, finding space to keep all your food fresh is easy.

One Size Fills All.
One of the tallest around, this water/ice dispenser can accommodate pitchers and glasses up to 12.6 inches in height. The Slim SpacePlus™ Ice System also takes up less space, allowing more shelf space for door bins.
